**Welcome to Racer Parts Wholesale!** On behalf of all the people at RPW, I would like to thank the tens of thousands of customers who have purchased from us. As we keep growing, we will continue to offer the best possible service and deliver top quality products at the guaranteed lowest prices.

Everybody at RPW is excited about 2008 and the new products and services we are offering. To make doing business with us even easier, we made a major update to our award winning website in December 2007. Your comments so far have been very positive! We continue to support a wide variety of racing, track day, sanctioning bodies and car clubs. We also responded to requests to add more motorcycle products from the many of you who are involved with motorcycles. To that end, we have created a Motorcycle Division that has already added several well-known products.

Please go to our web site throughout the year to get the latest information on products and services we offer. As always, we welcome your suggestions and comments on how we can serve you better.

We appreciate your business.

Tom Volk  
President

## Product Index
