Need to have your SPA Technique Fire Bottle refilled?
We are an authorized SPA Technique Fire Bottle Service Station.
Most fire bottles have a 1-2 day turnaround. Please visit online for
current pricing on mechanical and electrical fire bottle refills.
To schedule your refill, please call 1-800-397-7815.

Heavy Duty Oil Stabilizer

Lucas Heavy Duty Oil Stabilizer is the #1 heavy duty and high performance oil supplement in the U.S. It eliminates dry starts and resists thermal breakdown for total protection in new engines. It stops smoking, knocking, and oil consumption in worn engines. It raises oil pressure, adds lubricity, lowers oil temperatures and stops leaks. It also extends oil life by at least 50%. Use it in any manual transmission or differential to stop wear, leaks, heat, noise and hard shifting. It safely blends with all petroleum products, even synthetics. Lucas Heavy Duty Oil Stabilizer will not void new car warranties.

Heavy Duty Gear Oils

Lucas Gear Oils are blended with an extra additive package, over and above the normal gear oil additives. With these products, you can expect longer oil life, lower oil temperatures, longer component life, fewer seal leaks and less noise. This is what gear oil was meant to be. 1 Quart

Pure Synthetic Oil Stabilizer

Lucas Pure Synthetic Oil Stabilizer is perfect for use in new equipment that requires synthetic oils or any equipment that needs enhanced performance. It's the perfect addition to race-cars, new cars and four-cylinder cars. Controls heat and wear in motorcycles, air-cooled engines and all drive-train components. This product greatly reduces friction, improving vehicle performance and fuel economy.

Pure Synthetic Gear Oils

Lucas Pure Synthetic Gear Oils are super-slick, long lasting lubricants designed especially for heavy duty or high performance applications where regular gear lubricants just aren't good enough. They contain a special additive package that increases lubricity and insures less gear noise and longer bearing life. Excellent for use in limited slip differentials. Designed to stand up to high temperatures without losing its lubricity.

Lucas High Performance Pure Synthetic Motor Oil

Lucas High Performance Pure Synthetic motor oils are formulated to provide maximum protection against heat and engine wear while minimizing drag to optimize fuel economy. Lucas High Performance motor oil is blended to meet or exceed both European and American manufacturers' specifications and has been field tested to over 12,000 miles in normal off-track use. These one of a kind formulas are the perfect on-track/off-track motor oils. 1 Quart bottles.

Upper Cylinder Lubricant (Fuel Treatment)

Lucas Upper Cylinder Lubricant & injector Cleaner is formulated for gasoline, diesel and LPG engines. It contains no harmful solvents or alcohol. This product is a blend of heat resistant, super slick oils and additives with a high detergent action that cleans and lubricates the fuel system. It also causes the fuel to burn more efficiently for greater fuel economy and fewer emissions. It will negate the harmful effects of "reformulated gasoline" especially in older automobiles and 2-cycle engines. Use in diesel engines to neutralize the harmful effects of ultra low sulfur diesel fuel. This product WILL raise MPG.

"Plus" Petroleum Racing Oils

Lucas "Plus" Petroleum Oil has long been a preferred motor oil in the racing industry. The "Plus" is for the extra additives that are above and beyond those found in ordinary oils. This line of premium oil was developed to meet the extreme demands of all racing applications. It can withstand the extreme temperatures and fuel contamination of high performance vehicles. Lucas "Plus" Petroleum Oil can be used in everyday passenger cars and trucks, especially with older engines where oil consumption is a problem.

Heavy Duty Grease

Lucas X-TRA Heavy Duty Grease is the end result of years of research and a brand new technology. This is the only grease we've found that completely recovers after being extremely overheated. It's virtually wash-out proof (goes off the chart for high speed bearings) and lasts up to four times longer than conventional lithium grease. Fortified with an extreme pressure additive package, it exceeds OEM "Lube For Life" specifications.

Semi-Synthetic 2-Cycle Oil

This clean burning formulation is what the world has needed for years. It's smokeless because the "would-be" emissions are burned, thereby increasing performance and fuel economy. No more filter clogging, and longer engine life.

Octane Booster

Lucas Octane Booster is a GENUINE Performance Enhancer! Tested and proven to deliver three times more Boost than most other brands. It's safe for turbos, oxygen sensors and catalytic converters. Stops knocks and raises MPG in high compression engines. Safe for any gasoline engine.
